The Hanging Gardens of Babylon

This wonder of the world has been misnamed through much of time. The mistake was made when the Greek word for overhanging was translated as "hanging". With plants that would overhang each terrace this giant garden was designed to look like a mountain in the heart of the city of Babylon.
Directions for building the Hanging Gardens of Babylon

Del 7
Small Wonders

1. Score all folds before building.
2. Fold all four sides as shown.
3. Use connectors to join the sides.
4. Glue top into place.
5. Fold stairs and waterfalls then glue into place.
